

Studio 280

3-way Dual 6.5" Floorstanding Loudspeaker

Dual PolyPlas™ speakers. Dual Perfection.

One of the capstones of the groundbreaking 10-piece JBL® Studio 2 loudspeaker series, the Studio 280 vaults you into a world where legacy sound-craft and visionary technology go hand-in-hand in shaping a listening experience like never before. The Studio 280 loudspeaker's dual 6.5" PolyPlas™ midrange drivers are designed to bring you twice the pitch-perfect vocal clarity and tight, accurate bass that come with the Studio 2 Series loudspeakers. Add to these a built-in High Definition Imaging (HDI) waveguide and a 1" CMMD® Lite high-frequency driver, and you've got a loudspeaker that takes its performance cues from JBL's own legendary M2 Master Reference Monitor. Combine all this with the sleek, urbane design of the loudspeaker itself – both inside and out – and you're dealing with a rare breed of sonic horsepower and brainpower ready to define its era.

Features

- ▶ Dual 6.5" PolyPlas™ drivers deliver unrivaled purity, power, and realism
- ▶ 1" CMMD® Lite high-frequency driver and High Definition Imaging (HDI) waveguide bring studio-grade imaging and natural balance to your listening experience
- ▶ Visually striking 21st century design features that can't fail to seduce

Studio 280

3-way Dual 6.5" Floorstanding Loudspeaker

Dual 6.5" PolyPlas™ drivers deliver unrivaled purity, power, and realism

The results are in from the lab and listeners alike: the Studio 280 is simply one of the finest, dynamically accurate floorstanding loudspeakers ever built in its class. Decades of JBL® acoustic research and development have made their loud impact. With its twin 6.5" PolyPlas™ drivers delivering twice the unrivaled accuracy and realism of JBL® sound, we'll let a masterpiece speak for itself.

1" CMMD® Lite high-frequency driver and High Definition Imaging (HDI) waveguide bring cinema-grade imaging and natural balance to your listening experience

The apex of 67 years of pioneering sound research at our JBL® labs, the Studio 280 incorporates groundbreaking innovations like a High Definition Imaging (HDI) waveguide design and a

1" CMMD® Lite high-frequency driver into its framework. Together, these advances let you experience your sound purely and cinematically, with all the precision imaging, high-frequency detail, natural balance, and full spectrum mastery of advanced home theater.

Visually striking 21st century design features that can't fail to seduce

The JBL® way is to make it look as good as it sounds. And with the Studio 280, we've made no exception. With 21st century elegance that incorporates soft-rounded edges, black gloss paneling, and soft-touch paint, we've built something that seduces the eye as much as it commands the ear.

What's in the box:

Studio 280 Floorstanding Loudspeaker
Owner's Manual
Carpet Spikes x 4

Product specifications:

- ▶ Dual 165mm (6.5") PolyPlas™ low-frequency transducers
- ▶ Single 100mm (4") PolyPlas™ midrange transducer
- ▶ High Definition Imaging (HDI) horn design
- ▶ 25mm (1") CMMD® Lite high-frequency dome
- ▶ Recommended amplifier power: 20 – 200W
- ▶ Frequency response: 40Hz – 22kHz
- ▶ Sensitivity: 89dB
- ▶ Impedance: 8 Ohms
- ▶ Braced enclosure with Slipstream™ rear-firing bass port
- ▶ Dual gold-plated binding-post speaker terminals with bi-wire capability
- ▶ Dimensions (H x W x D): 1124mm x 237mm x 284mm (44-1/4" x 9-5/16" x 11-3/16")
- ▶ Weight: 20.5 kg (45.2 lb)
